Building Data science protocols

+91 96000 71484

vish2004k@gmail.com

OBJECTIVE

To investigate the principles and advance in the field of Machine Learning and Data Science and to get more experience in applications of ML and Data.

EDUCATION —

St. Joseph's College of Engineering
Pre-final year
CGPA : 8.48 (till date)

Alwin Memorial Public School
March 2007 – June 2021
Percentage : 94.8%

KEY SKILLS —

Good Communication
Leadership qualities
Problem Solving
Decision making
Code Debugging

EXPERIENCE

01 May 2023 – 31 May 2023
Data Science Intern
Codeclause (Virtual Internship)
Skills : Python | Pandas | Matplotlib | Sklearn | Machine Learning

Feb 2023 – March 2023
Data Science Intern
Twilearn (Virtual Internship)
Skills : Python | Numpy | Pandas | Matplotlib | Seaborn | Tableau

PROGRAMMING LANGUAGES

Python | MySQL | Java | C | NumPy | Pandas | Sci-kit Learn | Data Analytics | HTML | CSS | Matplotlib | Seaborn | Tableau | Machine Learning | Shell |

LEADERSHIP & OTHERS

- Co-curricular Club Leader during academic year 2016-2018
- Organized National level symposium event "JET SIGMA 2022 – Maths Puzzle" (Department of Mathematics)

PROJETCS

Churn Prediction in telecom industry using Logistic Regression (Sci-kit Learn)

- Analyzed churn rate in Telecom Industry using Logistic Regression with the help of pandas, sci-kit learn, matplotlib and other modules and found the reason for churn increase/decrease using the dataset given

Employee Attrition Analysis (Tableau)

- Created a Tableau dashboard for the given dataset and analyzed the factors for employee attrition which include multiple sheets each denoting various graphs for attrition

Voice Assistant for Desktop (Python)

- Created a voice assistant for desktop with wake-word detection which would automate simple tasks easily without an trouble.

GENERAL

Languages Known:

- Tamil
- English
- Malayalam
- Hindi

Date of Birth : 14.04.2004
Nationality : Indian
